

A Flamboyant Home at Rangoli

The apartment 4C at Asset Rangoli project Ernakulam is a clean modern home style that incorporates just a little hint from mother nature's beautiful palette of wood tone with a few accent movables.

Whether you're on your feet all day or sit in front of a computer screen in an office for work, coming home to a warm and inviting house is essential for mental well-being. It's important to have a comfortable space that you love coming home to.

Asset interiors and customization team has included various design elements like selecting a colorful theme to give the apartment calm and cool.

Living Room & Dining Area

A single wall of strong blue is echoed by blue cushions in sofa and dining chairs. Grey colour of sofa & curtains complement the blue tones perfectly. Blue, when utilized in interior design is used as calming and relaxing colour.

A fully custom made TV unit and a group of rectangular floating wall shelves are a combination of Glossy white and Magas walnut laminate. Nano white slab for dining table & modern black and white centre table provide the base notes. Bright blue inspire ideas of loyalty, confidence, security etc.

Kitchen

A fully functional kitchen is provided in both sides with a purple and white combination of upper and lower cabinets with matching black hood, hob, granite counter top and beige colour dado tiles. Contrasting shades of purple with neutral hues in the kitchen area add vibrancy to the space.

Bedroom

The rich dark tone is extremely striking and has been balanced out with a generous amount of white space around the rest of the room. The curtains of this bedroom are of a matching dark walnut tone to the bed cot and a wardrobe with dressing unit.
