

An Elegant Home at Asset Orchestra

9G apartment in Tower -2 of our flagship project- Asset Orchestra, Trivandrum is home to a family of four, a young couple and their two sons. Asset Orchestra in itself is designed as a child friendly project with features specially designed keeping in mind young kids. This apartment has been designed by interiors team using timeless classic theme of white and wooden accents. Utility and functionality aspect has also been a major factor while designing this home for the customers.

Entrance foyer and Living Room

The entrance foyer leads up to the living room, interiors team has provided a sleek partition with shelves to serve as a divider between the living room and the dining space.

Kitchen

The kitchen is designed in a timeless black and white theme, the top shelves are a neat white and the bottom shelves are strategically kept black. Dado tiles are provided on the walls adjoining the kitchen counter top, keeping in view easy maintenance and upkeep.

Bedrooms

Interiors team has designed the master bedroom with matching beds, side tables and closet space. The kid's room has two study tables side by side for the two sons. The tables are placed by the interiors design team facing the window to let in natural light while the kids study. A closet in the same green theme as the table is placed for the kids bedroom.

Wardrobes and Closets

Custom made storage spaces and wardrobes are designed and provided throughout the home keeping in view the specific requirements of the customer. All storage spaces are designed in a manner to match the specific theme of the rooms they are placed in.

Mr. Shaiju Soman & Family

CLIENT SPEAKS

We Shaiju Soman & Shinju Isack, recently purchased a flat at Asset Orchestra [Tower 2, 9G]. Our initial interaction started with Mr. Shine [Marketing] and it was a pleasing experience for us. Later on, we interacted with Asset Interior Department Mr. Thambi and Arun who maintained a very positive and helpful attitude towards us. They listened patiently to our queries and they came up with elegant and vibrant design for the same. It has been a pleasure for me to work together with them at all times; they have been professional and 100% reliable. They were very patient with us during this time and careful to ensure they understood exactly what we liked and disliked in terms of style, quality and product by patiently sourcing items and ideas to give me options until it was clear what I was after. I think they went beyond their call of duty, which we absolutely appreciated.

We feel privileged to be a customer of Asset Interiors and we personally thank Mr. Thambi, Arun and their Team.

Proud customers of Orchestra 9G, Tower-2

Team behind design and execution: Mr. Thambi P Bose, Ms. Sukanya, and Mr. Sivaprasad.
