CLIENT SPEAKS

It was a long cherished dream of ours to own a home and we should say Asset Group became instrumental in realising that. Though we wanted an independent home, when we got to know of Asset Homes and the exuberant service they offer, we changed our mind and decided to settle for Asset Petals, Kakkanad.

We applaud the efforts of the entire team of Asset Petals who could bring out such a magnificent structure within the specified time. All of those we were associated with, were amiable, cooperative and approachable. Moreover they exhibited immense patience to listen to us and proceed with what we wanted. The interiors were excellently done taking care of beauty as well as utility. Our association with Asset was truly a beautiful experience.

We are grateful to the entire team of Asset Homes for what they had been to us. They are truly what they say, 'Responsibly Yours'.
