CLIENT SPEAKS

Mrs. Parvathy and Family, Proud Owners of Asset Volga 11 E

Me and my family, after having decided to buy a flat, had extensively explored all the possible options to buy one. We visited many properties and talked to many people who owned one until we finally visited one place that concluded our search. Asset Homes Orchestra was the one that told us that it should be Asset. Right from day one, when we enquired on the prospects of buying a flat in one of the upcoming projects of Asset in Thiruvananthapuram, the interactions with the representatives of Asset Interiors has been hassle free, fulfilling and soothing. Never had I had to explain a concern for the second time. They understood my concepts, interests and desires about my dream home very easily. I must admit that the flat has exceeded our expectations and we are very happy that we chose Asset Interiors. For this, unconditional gratitude flows to Mr. Thambi Bose and Mr. Sujin simon, Mrs. Sukanya, Mr. Arun who have been interacting with me through the various construction stages.

Content with the cooperation, professionalism and workmanship of the Asset Interiors team, I tasked them to do the interiors as well. They did not break my confidence – I got a home that I long desired. Right from the TV unit to the Pooja Unit, false ceiling lights and the modular kitchen, I am a very happy and satisfied customer of Asset Homes. I hope that our association with Asset Interiors continues for a very long period.
