

An Immaculate Home At Asset Orchestra

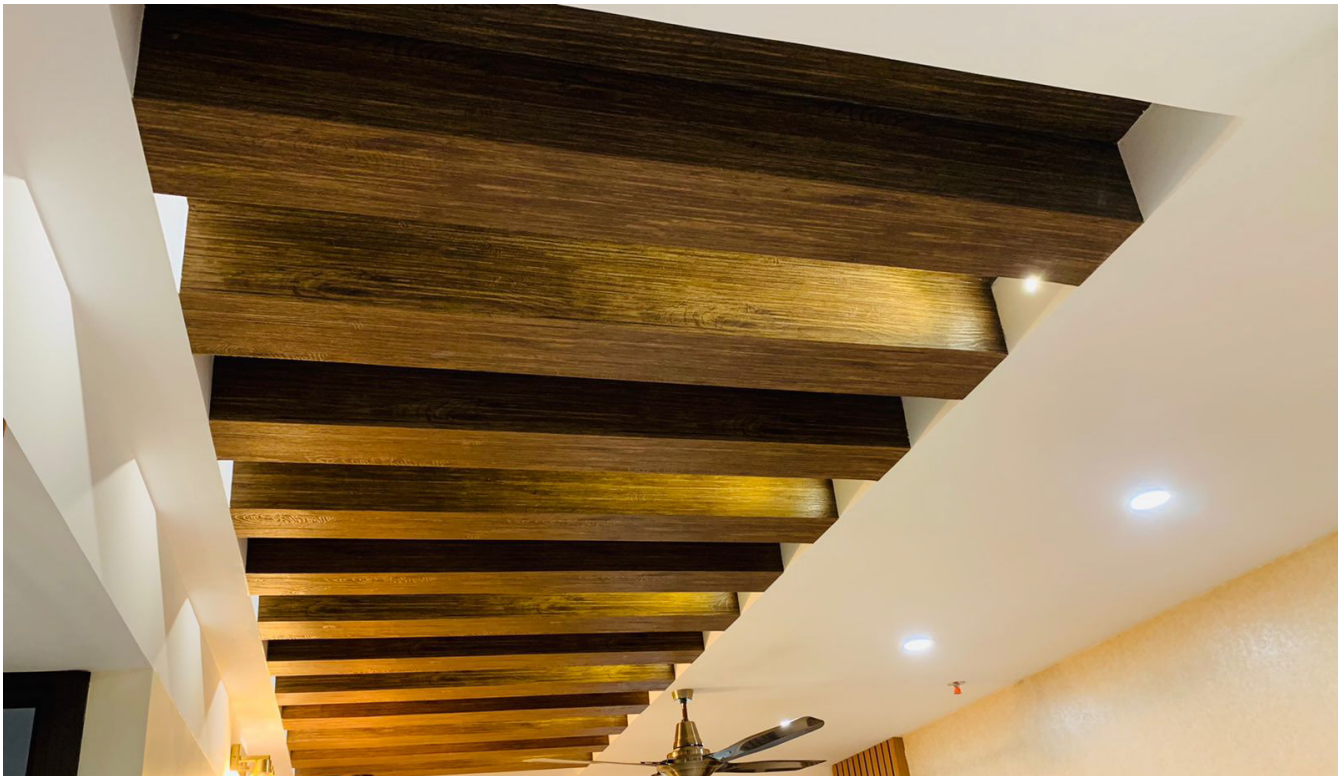

Asset Orchestra 11B unit is a modern abode to a customer with intricate and immaculate taste. The home has accents which are sure to impress anyone who visits. A neat design by Asset interiors and customization team has helped in achieving this effect.

Living Room

The living room is impeccably designed with all modern features. The TV unit and the partition between the living and dining area are sure to grab one's eyes with their amazing designs. The living room has a 5 seater sofa with a color palette of beige which merges well with the walls. An accent ceiling suspended lamp adds charm to the room.

Ceiling Features

Lot of thought has gone in designing even the ceiling of this home. Clever light play to enhance the overall look. Wooden battens feature has been used in the living room ceiling to give it a royal look.

Wardrobes

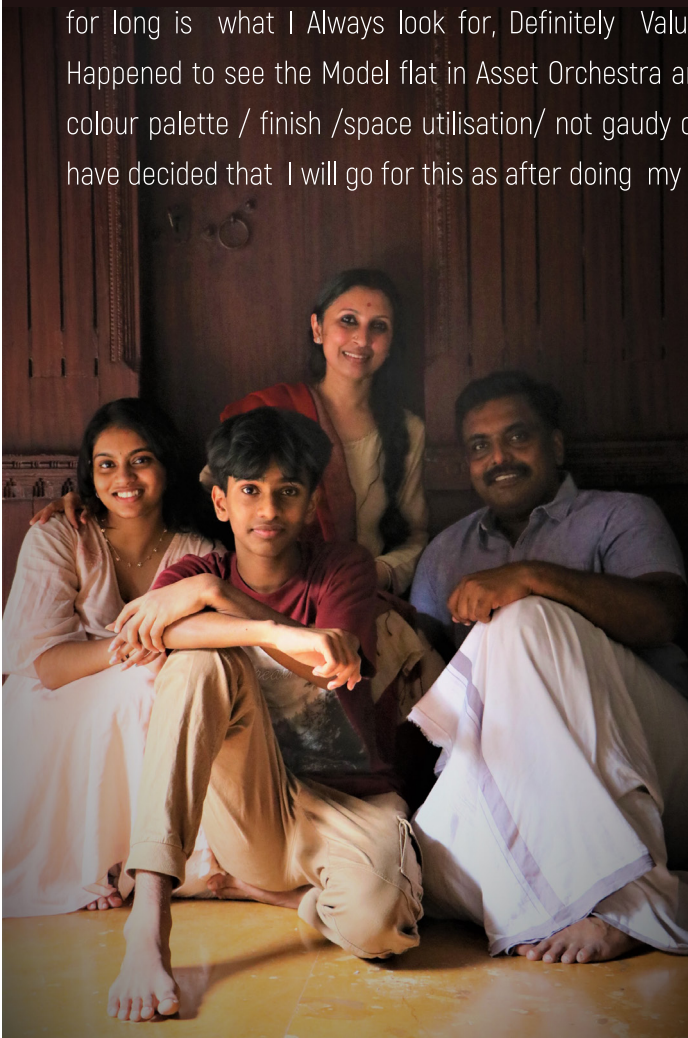

Each bedroom has dedicated storage in the form of fully functional wardrobes along with full size mirrors making it a good utility feature for the residents.

CLIENT SPEAKS

Being From Jewellery Background and from lifestyle segment handling for a long time , Experience always superseded the Cost .Always Looked for the Best that I can afford so that cherishing the same for long is what I Always look for, Definitely Value for money Comes in when taking decisions. I Happened to see the Model flat in Asset Orchestra and I soon fell for the feeling Which i got. It is the colour palette / finish /space utilisation/ not gaudy colours creation of warmth which attracted me. I have decided that I will go for this as after doing my flat in Bangalore , I still feel that it could have been

more swanky and modern which I experienced with Asset Interiors. The day when I started discussion with Thampi/Arun/ I never got any answer like Not possible- Yes sir we will do like that , yes we will finish , yes we will replace - I never felt I paid extra or cheated which usually happens with local players - In my Home in Kollam i have done with Kitchen planet in Kollam- totally dissatisfied and infact with thampi I felt that yeah there is someone close to me who will take care of everything the way I want . Always with Smile Arun & Thampi travelled along with us. immensely happy that I possess one of the best interiors which I always needed - Thanks Thampi /Arun and entire Asset Interior Team for making this a great Experience & good place to Live in.

Ms.Geetha Krishnan and Family, Proud owners of Asset Orchestra

Team behind design and execution: Mr. Thambi P Bose, Ms. Sukanya, and Mr. Sivaprasad.
