

# A Serene Nest at Asset Gitanjali

Each room in this sprawling four Bedroom Villa at Asset Gitanjali, Thrissur is an example of magnificence and artistry.

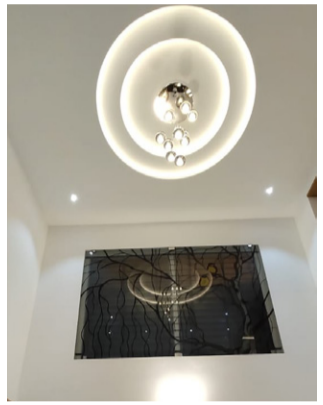

This luxurious villa has been specially curated by our Asset Interiors/ Customisation team to resonate the personality of each member of the family.

The villa boasts of a double height living room, four individually designed and customised bedrooms, en-suite bathrooms, walk in closet, dining space and a spacious kitchen.

## Living Room

The double height ceiling of the living room adds a lot of drama to the space making it look grand. The chandelier adds the 'wow' effect to the living room. In addition, the window installed at the top portion of the wall has custom-made toughened glass with a painting of birds perched on a tree. The chandelier casts a shadow of moon in the backdrop, speaking volumes about the detailing in design.

## Dining Area & The Upper Living Space

The upper floor living area is artistically designed; a custom made pergola with lighting feature makes the upper living space stand out.

Space below the internal staircase in the dining area is innovatively utilised as a storage unit for crockery and dining items.

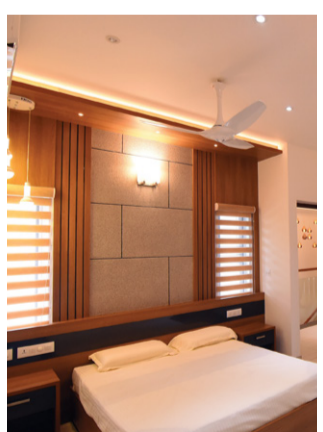

## Bedrooms

Each bedroom of the villa has been designed keeping in view the persona of the residents.

In the master bedroom, a niche to hold bedside essentials like a book, ornaments, and figurines has been incorporated in the wall behind the headboard.

The daughter's bedroom headboard wall is adorned by a flight of birds' artwork, symbolising her zest for life.

## THE CLIENT SPEAKS

Having lived in an Asset Homes apartment complex in Trichur during the last few years, ultimately when we decided to move into an independent house, our natural choice was Asset Gitanjali, a Villa Complex being built by Asset Homes in Amala Nagar, Trichur.

It was during the final phase of our villa construction work that we started looking out for a reliable Interior designing and execution team to entrust our villa interior work. We were particularly looking for a responsible company who could offer a simple yet elegant design having pleasing colour themes and execute the project with no compromise on quality, comfort, convenience, and durability, within our budget. After a discussion with Mr. Thambi, Senior Manager at Asset Homes, we were encouraged by his high standard of professionalism, enthusiasm and commitment, well supported by the testimonial proof of past successful projects executed in Trichur as well as other cities in Kerala by Asset Interiors team. We were also taken for site visits to a few of the completed projects, which needless to say, impressed us. At this point, we decided to hire Asset Interiors team to design and execute the work in our villa.

The interior work was completed to our full satisfaction within committed time frame. The entire team that worked in the project was found to be competent and hardworking. We take this opportunity to appreciate the positive approach of Mr. Thambi, for his unwavering support and commitment as well as for listening closely to our expectations, designing and executing it so

Mr. Suresh Babu and family

beautifully in a professional manner. From assisting us in selecting laminated shades, curtains, light fittings etc., he supported us throughout the project execution with zero hesitation. We are also pleased about the way in which our concerns were addressed by him.

The journey of beautifying our new home was quite smooth, thanks to Mr. Thambi and his team's competence and commitment. We will strongly recommend Asset Interiors team to anyone looking for an aesthetic interior design and on-time execution for their new homes.
