

Peek into a refined home at Thrissur

This apartment at our Asset Chiraag project has been designed very intricately. The monotone greys used as a theme brings in a subtle sophistication in the space.

Asset Homes Interiors/Customization team have used their expertise to carefully select all the elements right from the false ceiling, wall paint, shelves, wardrobes, furniture, upholstery upto lighting fixtures and ceiling fans. The team's goal- to deliver a refined and fully functional home for the owners.

Family Living Room

The family living room houses the TV unit, along with a cabinet and Pooja room. Both the fixtures are designed in a similar pattern with oakwood browns and white against the backdrop of grey on the walls. The custom made L sectional sofa is designed to ensure there is room for everyone to get together, lounge around and spend quality time. The upholstery of the family room sofa is chosen in tones of grey to blend in with the theme of the home.

Formal Living Room

The formal living houses seating more appropriate for a formal setting. The grey wall is provided with white shelves in an innovative design which complements the overall theme.

Bedrooms

The master bedroom breaks away from the main theme a little bit, as yellow texture paint adorns the wall and makes the room look brighter and cheerful.

Customized sliding wardrobe is provided in the bedroom. Also a study table with overhead cabinets and spotlights is strategically provided near the door.

CLIENT TESTIMONIAL

Dr. A. P. Sunil Kumar ,
Proud owners of Asset Chiraag 4B

When we decided to move to our apartment at ASSET CHIRAG, the interior work seemed like a big challenge. Especially managing it within our tight work schedule. During that time my co brother

recommended the ASSET interior division to us. Then we had a detailed discussion with Mr Thampi, Senior Manager at ASSET Homes and was convinced about their commitment. The designs were given accordingly as per our requirements and also were within our budget. The works were completed on time with perfection and finish. The ASSET interior team headed by Mr Thampi deserves a high appreciation for their relentless efforts and dedication for the prompt completion of our apartment. They had assisted us during the selection of each and every furnishing in the apartment and was monitoring the work. They had put forward many innovative ideas. The elegant and attractive design was well appreciated by everyone. Thank you ASSET interior team.
